IPM statement

It is the goal of LVPFUSD _____ to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: *(Example: Focus on long-term pest prevention)*

LVPFUSD is focusing on using industry best practices to provide a safe and healthy learning environment for students, faculty, staff, and the community.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Starla Atkins	IPM Coordinator II

Pest management contracting

- Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s): Mountain Valley Pest Control
- Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: Mountain Valley Pest Control and LVPFUSD staff

(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by LVPFUSD staff and results are communicated to the IPM Coordinator.

(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

All LVPFUSD facilities are properly cleaned by staff. If there is an additional request from staff or faculty, then additional services with Mountain Valley Pest Control will be scheduled. This is in addition to the scheduled monthly services through Mountain Valley Pest Control.

Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Pesticides:

Tempo SC Ultra with active ingredients: Beta-Cyfluthrin

Demand Cs with active ingredients: Lambda-Cyhalothrin

ER-3 with active ingredients: Geraniol, Cedarwood oil, Lemongrass Oil, and Sodium Lauryl Sulfate
